

GR86

A DRIVE THAT EXCEEDS EXPECTATIONS

With its muscular design and low centre of gravity, GR86 is a true driver's car for those who understand what makes driving special – the moment of clarity as the car and road come together as one.

UK specifications may vary. Driving images throughout this brochure show vehicles driven by professionals in a racing environment.

SMILE BEHIND THE WHEEL

Our most enviable coupe, GR86 draws admirers for its outstanding performance. Precise steering and a rigid body deliver superb handling and control, while a low centre of gravity and excellent traction during cornering ensure it responds to your every direction.

Enjoy driving our lightest coupe ever, with its horizontally opposed four-cylinder engine, the result is a truly rewarding driving experience.

GR86’s low centre of gravity makes handling corners effortless.

POWERFUL PERFORMANCE

A drive that puts a smile on your face no matter what. GR86 delivers a unique driving experience. This translates to a responsive, agile and dynamic drive with advanced aerodynamic components. Encapsulating the characteristics of its ancestors, the GR86 generation builds upon this heritage with high-performance sports tyres, front engine and rear-wheel drive configuration.

Motorsports reimagined for today. GR86 uses aerodynamics including front air outlets, side sill spoilers and a ducktail rear spoiler.

SUPREME PERFORMANCE FOR THE ROAD

Everything you know and love about sports cars – dialled up a level. Reconnect with the road thanks to a host of performance-enhancing features designed to let you feel more. Combining enhanced accelerator response and heightened shift and clutch with an exceptionally lightweight body, the GR86 offers a raw driving experience. Enjoy the lower centre of gravity and increased brake sensitivity, which create a safer and highly responsive drive.

The manual gearshift offers enhanced control that reconnects you to the road.

RAW PERFORMANCE

Building on years of iconic racing knowledge, the GR86 takes driving pleasure to an entirely new level. The new 2.4 litre engine offers 231 BHP power and outstanding 250 Nm torque in an instant. GR86 parades its motorsport heritage proudly, building upon the groundbreaking features of its predecessors. Revel in the iconic speed of a sports car with 0–62 mph in 6.3 seconds. The outstanding D4S fuel injection system enhances power and engine sensation.

Inheriting a front-facing, lightweight and compact engine, GR86 increases its displacement size from 2.0 to 2.4 for maximised power and an improved torque curve to enhance acceleration.

MAKE A STATEMENT

GR86’s striking good looks have been designed with performance in mind. A wider stance and chic aerodynamic front air intakes and air outlets create outstanding front-end roadholding. New, sleek horizontal side spoilers help to reduce roll, whilst the rear wheel arch fins and rear spoiler, improve rear stability. GR86 commands the attention an iconic racing car deserves with its eye-catching streamline shaping from every angle. Turn heads wherever you go.

1. Informed by Toyota motorsport innovation, GR86 is fitted with front air outlets which allows air inside the front wheel arch to escape, enhancing excellent steering stability.
2. Muscular, wider rear profile enhances stability.

FOR THE PURIST

A true driver’s car, GR86 boasts an interior intuitively designed around you with features to make it wholly fun to drive. The new seating position opens up your field of view, taking you closer to the road and improving your centre of gravity. With a new horizontal dashboard layout, you can concentrate solely on the drive ahead. And it doesn’t stop there. The 7" colour TFT multi-information screen and new LCD meters with separate road and track settings offer excellent connectivity and control whilst driving.

The GR86’s lower seating position puts you closer to the centre of gravity for outstanding stability and traction.

CONFIDENCE WITH EVERY TURN

The GR86 has a wealth of intelligent considerations to enhance every drive. Standard safety features such as Parking Support (RCTA), rear-view monitor and Blind Spot Monitor make it easier than ever to park in difficult spaces. The GR86 is also equipped with additional safety and Driver Assist Technology (automatic transmission grades only), featuring a Pre-Collision system (including brake), Adaptive Cruise Control and Lane Departure Alert. With Toyota's excellent innovation, access all of these safety features and more.

Never lose sight of the road with Blind Spot Monitor and a suite of other excellent safety features thanks to Toyota Driver Assist Technology.*

Pre-Collision* braking technologies help avoid collisions and mitigate against damage to support safe, everyday driving.
Adaptive Cruise Control* is used to intuitively speed and slow the car to maintain safe driving distances and stay within the speed limit.
Auto High Beam* ensures excellent forward visibility when driving at night by detecting the oncoming headlights and tail lights of other vehicles and adjusting the beam accordingly.

Lane Departure Alert* An intelligent lane keep system alerts you if the system detects the vehicle is about to deviate from a traffic lane. When Adaptive Cruise Control is activated, the system helps the car stay on course by applying a small amount of counter-steering force.
Leading Vehicle Notice* alerts the driver when the vehicle in front has started moving off.

* Available only on Automatic.

GR86

Enjoy features such as 8" multimedia display audio, 18" black alloy wheels, Ultrasuede & Leather Seats with front seat heaters.

- Main features**
- 18" Black Alloy Wheels
 - 8" Multimedia Display
 - Apple CarPlay & Android Auto™
 - 6 Speaker Audio with DAB & Bluetooth
 - 7" TFT Multi-information Display
 - Ultrasuede & Leather Seats
 - Driver's & Passengers Seat Heater
 - Leather GR Steering Wheel (+Paddles*)
 - LED headlamp with Adaptive Headlight System (AHS)
 - Blind Spot Monitoring
 - Smart Entry & Push Start
 - Cruise Control
 - Reversing Camera
 - Dual Auto Air Conditioning

- Safety***
- Pre-collision System (incl. brake)
 - Adaptive Cruise Control
 - Auto High Beam
 - Lane Departure Alert

* Only on Automatic.

OWNING YOUR GR86

Servicing your Toyota
Toyota Service Pricing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your vehicle based on the vehicle's age, mileage and service history.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Service Plans
Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Toyota Price Repairs
We offer transparent prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your vehicle will always be dealt with by a trained Toyota technician.

For more information visit toyota.co.uk/owners/parts-accessories/parts

MyT
Whether you're a long-term owner or have recently taken delivery of a new Toyota, there are lots of reasons to join **MyT**. Packed with time-saving and convenient features, **MyT** ensures everything you need to manage your vehicle ownership is in one place. You'll also gain access to **My Rewards** where you can enjoy great offers and discounts from big brands on everything from family days out to pampering as well as everyday deals.

For more information visit toyota.co.uk/mytoyota or download the **MyT** app now available on iTunes and Android.

Toyota Accessories
Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort and practicality. Also, because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/accessories

Toyota Roadside Assistance
When you buy a new Toyota you will automatically receive 12 months' Roadside Assistance in the UK and Europe, free of charge. After the first year you can renew this cover at £76 for 12 months or £135 for 24 months by calling 0344 701 6201 or visiting toyota.co.uk/roadside-assistance/

Get up to 10 years/100,000 miles Toyota Warranty*
Every new Toyota comes with a 3 year manufacturer warranty followed by a 12 months / 10,000 miles additional warranty, with every qualifying service.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/relax

Corrosion Cover
The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover
The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

Toyota Business Centre
Our Toyota Business Centre network promise you same-day access to a business manager or dedicated sales executive. With business offers and interactive wholelife cost modelling tools which consider emissions, fuel economy, servicing, insurance and residual value data, our advisers can accurately compare tax costs against any competitor. Whenever servicing is due, we can offer fixed-price servicing, free local vehicle collection and delivery (with wash and vac).

Special offers, fixed-price fleet servicing, specialist fleet insurance, business daily hire, Toyota Fleet Financial Services, extended test drives and a dedicated Business Centre Network are just some of the services business customers can expect from Toyota.

For more information visit toyota.co.uk/business-customers

Toyota Motor Insurance
Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Flexible Finance from Toyota Financial Services
All our plans offer easy budgeting and peace of mind, and **AccessToyota** brings these benefits together in one flexible package.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

TFS is authorised and regulated by the Financial Conduct Authority.

TOYOTA GAZOO RACING HERITAGE

With GR86, motorsports isn't just our inspiration, but a proud part of our DNA. Joining a long line-up of successful sports car ancestors including the Toyota AE86 Super GT, Toyota GR86 builds upon this heritage. GR86 is expressly built for performance, inspired by a legacy of competitions including Super Endurance, Rally Dirt Trial and Gymkhana. Its track predecessor GT 86 has enjoyed worldwide acclaim in competition, winning in two classes at the 24 Hours Nürburgring in 2012. Be part of an iconic history with GR86.

Hypercar Teams World Endurance Champions
November 2021: TOYOTA GAZOO Racing made endurance racing history as the first World Champions of the Hypercar era with a one-two victory in the 6 Hours of Bahrain. On a day of milestones, the team also became the first to win every race in a WEC season.

Manufacturers' World Rally Champions
November 2021: The TOYOTA GAZOO Racing World Rally Team achieved a magnificent championship treble at Monza, clinching the manufacturers' title with a one-two finish at the final round and driver's and co-driver's titles for Sébastien Ogier and Julien Ingrassia.

Dakar Rally Champions
January 2022: TOYOTA GAZOO Racing's Nasser Al-Attiyah and co-driver Mathieu Baumel brought their Toyota GR DKR Hilux T1+ home safely on the final stage of the iconic 44th Dakar Rally to win overall by 27min 46sec.

FOR A CLEANER WORLD

Announced in 2015, our global Environmental Challenge 2050 comprises of six challenges. They cover every aspect of our business, our exploration of new products and technologies, and our role as an enabler for individuals and communities to learn about and improve the natural world around them.

For more information regarding Toyota Environmental Challenge please visit: toyota.co.uk/world-of-toyota/environment/environmental-challenge-2050 or contact your local Toyota dealer.

CHALLENGE 1

NEW VEHICLE – ZERO CO₂ EMISSIONS
By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 2

LIFE CYCLE – ZERO CO₂ EMISSIONS
We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle*.

CHALLENGE 3

PLANT – ZERO CO₂ EMISSIONS
To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 4

MINIMISING AND OPTIMISING WATER USAGE
To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

CHALLENGE 5

ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS
We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota GR86 is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'. We are pursuing full life cycle management for battery recovery & reuse and remanufacturing green parts.

CHALLENGE 6

ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE
To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

INSPIRING THE WORLD TO MOVE

Over 85 years of innovation have brought us our greatest mission yet: giving the freedom of movement to humankind. That's why Toyota is the Worldwide Official Mobility Partner of the International Olympic Committee and the International Paralympic Committee and proud partner of Team GB and Paralympics GB.

We are committed to making movement better for everyone, whether that be across a country, a city or across a room, because when you are free to move, anything is possible.

START YOUR
IMPOSSIBLE

While every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. For the latest specification and availability, we ask that you contact your local Toyota Centre. Vehicle body colours may differ slightly from the printed images in this brochure.

Quoted mpg and CO₂: Figures are provided for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results. Fuel consumption and CO₂ produced varies significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load. All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP). All mpg and CO₂ figures quoted are full WLTP figures. The official CO₂ figures for vehicles changed as from 6 April 2020, due to a change in the official method of calculation. CO₂ figures are used in the calculation of Vehicle Excise Duty (car tax) for new cars during their first year of registration. As a result, all CO₂ figures, car tax and 'on the road' prices for new vehicles, which were provided or displayed prior to 6 April 2020, may now have changed for vehicles which were not registered before that date. These dates may change, please visit www.vehicle-certification-agency.gov.uk/fcb/wltp.asp for the latest information. Please contact your local Toyota Centre for further information.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. Toyota (GB) PLC is continually updating and changing specifications of accessories and reserves the right to do so at any time without prior notice.
