Important information for coaches and wide vehicles

Coaches and wide vehicles travelling to Castle Howard from York will need to take alternative routes to avoid the narrow gateways measuring 2.6m x 3.43m (8' 6" wide x 11' 3" high).

A64 Eastbound: Go past the brown Castle Howard sign and continue into Malton. As you approach the town centre, just before the Talbot Hotel, take a sharp left into Castle Howard Road, signed Castle Howard and Coneysthorpe.

A64 Westbound: Exit the A64 at the Malton/Pickering roundabout. Take the left turn into Malton/Old Malton (ignore the brown sign directing you back onto the A64), and continue into the town centre. At the traffic lights go straight over, and after the Talbot Hotel turn right into Castle Howard Road, signed Castle Howard and Coneysthorpe.

Entrance Plan

Arrivals/security gate

When you arrive at the security gate, the show field is to the left. The public will go right.

Display tickets at the ready!

Make sure you have your display car ticket with the correct number of passengers ready. This includes any additional ones you have added later. If you don't, you will be bounced into the public area by security. Once onto the main drive, go down to the show field. It is a strict 10 mph with hazards as people will be walking on this road too.

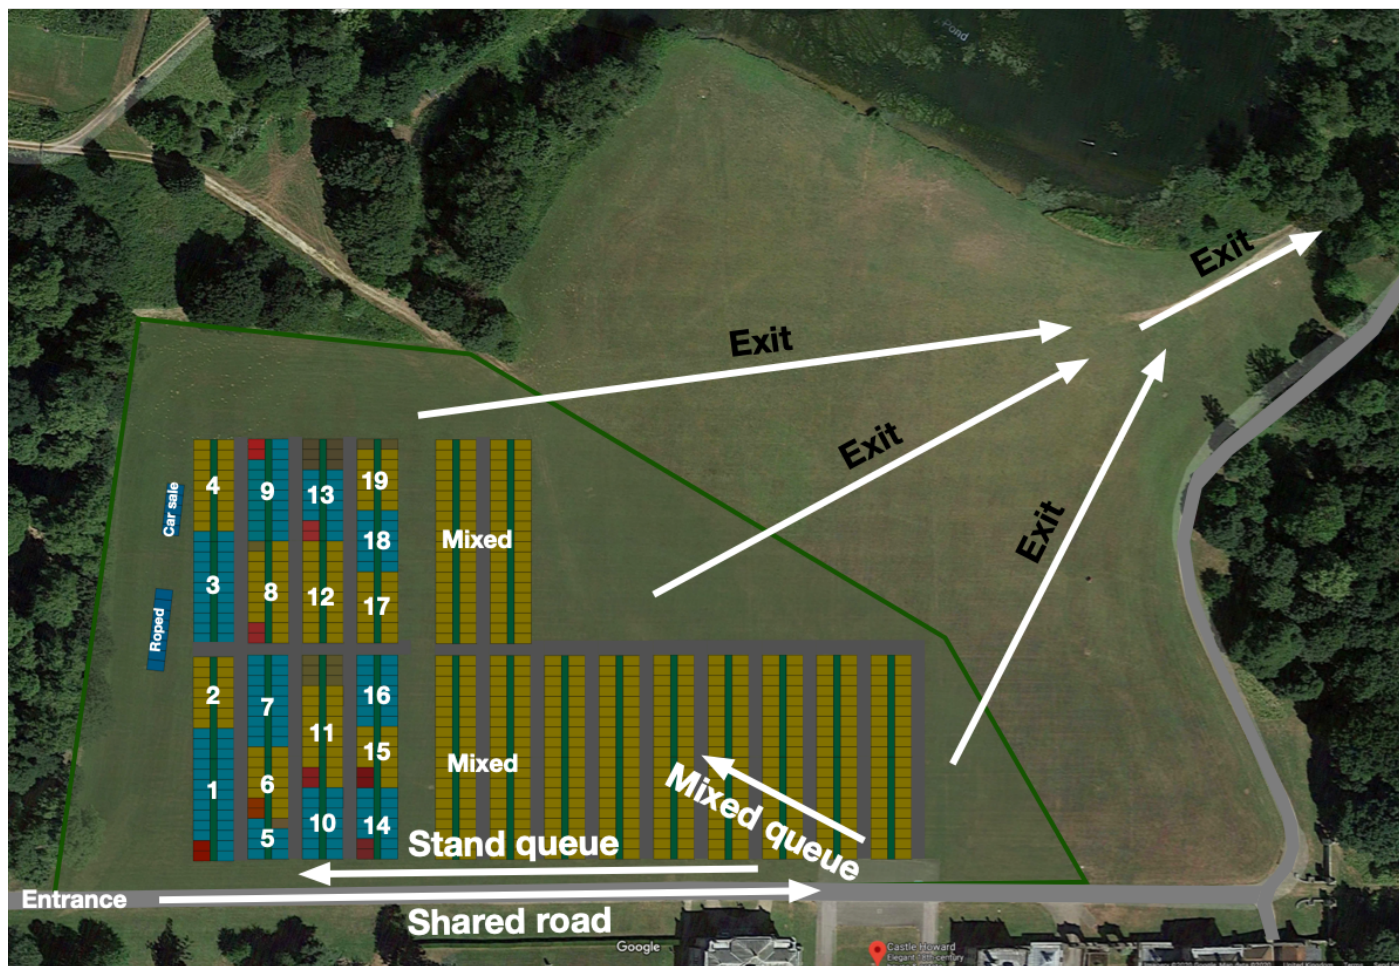

Go down to the bottom of the road where you will turn left onto the grass and join the hopefully short stand or mixed queues. We need to try not to block this road as it's used by staff etc.

Mixed parking

We have decided to go back to our original mixed parking for those who are not on a stand. If you want to park together, then please arrive together. This should speed up parking.

Departing

As always, we would like you to stop as long as possible, as there is a lot to look at. It is not a lock-in and never will be. The exit gate will be open after 12:00, but we would like you to wait until 2 pm onwards. It is a one-way system and will be signposted. When leaving, you must go downhill on the grass to avoid damaging it. You can use the road to go to the exit too.

Parking layout

Cars are parked in rows of two boot to boot with 1 Meter minimum between them. In front of each row will be a road 4 meters wide. It looks better if the cars face outward and you are boot to boot. The plan shows this in detail.

Gazebos

ALL gazebos and flags must be weighted only as there are underground services you will damage. Security will be checking to make sure this rule is followed.

If your group is 10 or more, then the space on your stand will include the Gazebo space. If you are in a smaller group, then please put your Gazebo in a sensible place that does not block the flow of traffic.

BBQs, stoves or other appliances are not allowed at this venue. There is a mistake on the ticket that needs to be amended going forward for this venue.

Tidy up

It will have been a long day for the SCITP team. So please tidy up after yourself, there will be enough bins.

Toilets

Toilets are marked on the plan, and extra ones are at the restaurants when they open from 10 onwards.

Catering

There will be two catering stalls on the field, and there are three other good-quality restaurants on site. To avoid queues, bring a picnic.

The toilets and catering are provided by the venue. Any issue, then please speak to them directly.

Walking around

Make sure you have a copy of your display ticket when walking around just in case you wonder outside the pay barriers, e.g. The courtyard.
