## **DRIVING ETIQUETTE**

After the 2022 event we received considerable complaints from the local community about excessive noise and dangerous driving standards. The future of Japfest depends on your support, we are relying on you to work with our traffic management plans and be considerate when approaching the circuit.

As well as operation changes to the event, we have made some layout changes to the event this year. This will mean your approach to the venue will look different. It is **VITAL** that you adhere to the traffic management plan and follow the signed routes.

## YOUR JOURNEY TO THE EVENT:

- **Stick to allocated routes, ignore your Sat Nav.**

New signage will be in place which works alongside our new traffic management plan. Do not deviate from the signed routes, this will help us get you into the show quicker.

- **Drive considerably through local villages**

Stick to the speed limits and remember that it's the early hours on a Sunday morning!

- **Speed limits and road laws still apply**

There will be police patrols in the vicinity of the venue. Save your speeds for the track.

- **Arrive at the allocated times**

The gates will be open at 07:00, do not arrive early. Plan your journey accordingly.
